[Project Link](#)

*This project states that ,through serial learning one notices peculiar phenomena which is called as serial position effect. Subject when presented with a series of items learned the middle items faster than the beginning and end items. Conducted by me.*

## 3. Research Paper Presentation |

Topic: Psychosocial study of evaluating the impact of online learning on students and teachers |

[Certificate Link](#)

*The research aimed to evaluate the impact of Online learning on students and teachers. The new normal online mode of education is troublesome on both students & teachers' part. The satisfactory level is low on both student's and teacher's side. Socio-economic status plays a major role now in acquiring education. Moreover, females facing high level of stress and also lack of quality education. Lastly, both students and teachers desire to continue offline class.*
